SUMMARY

Full-Stack Developer with hands-on experience in building and deploying web and mobile applications. Skilled in both front-end and back-end technologies, with expertise in React, SQL, Dart, and Firebase. Proven ability to create responsive, user-centric solutions and optimize performance across platforms. Passionate about delivering functional and visually appealing applications.

EDUCATION

Bachelor of Science in Computer Science | 2024

Minor in Game Design & Development • Georgia State University • Atlanta, Georgia • GPA: 3.80

PROJECTS

Delivery App (Dart, Firebase) – Mobile App Developer

April 2024 – May 2024

- Developed a delivery tracking application using Dart for an intuitive front-end and Firebase for real-time backend data synchronization.
- Configured Firebase authentication with role-based access control, ensuring secure access.
- Integrated push notifications for real-time delivery updates, leveraging Firebase Cloud Messaging.
- Optimized cross-platform performance by using platform-specific APIs and optimizing Dart code for smooth operation on Android and iOS.

E-Commerce Website (React, SQL) – Full-Stack Developer

January 2024 – April 2024

- Built a responsive e-commerce website using React for dynamic UI and SQL for secure and efficient backend operations.
- Engineered a dynamic interface, securely managing product and user data through robust SQL queries.
- Designed secure authentication, advanced product filtering, and an interactive cart system to enhance engagement.
- Collaborated with a 4-member team, improving database query efficiency by implementing indexing and optimization techniques.

SKILLS

- **Front-End Development:** React, HTML, CSS, JavaScript, XML
- **Back-End Development:** SQL, Firebase, Java, C#, MYSQL
- **Creative Tools & Frameworks:** Unity, Git, Game Design Principles
- **Soft Skills:** Time Management, Adaptability, Creative Thinking, Team Collaboration, Leadership

CERTIFICATIONS

Git Essential Training

Linkedin Learning • 2024

- Certified Version Control Specialist
